

# GET CONNECTED ON ArmstrongConnect™!

As a member of Governor's Grove HOA, **you have access to a resource filled website** for your community that Armstrong Management Services, Inc. maintains. The site contains information about Association events, ongoing projects, and your own individual unit. It also provides a direct line of communication with Armstrong Management Services. Although some of the same methods that the Association currently uses (such as the GGHOA Web Site) will still be utilized to distribute information, the website, provided through ArmstrongConnect™, allows Governor's Grove HOA members **an easy and helpful way to access pertinent information to your community as well as yourselves, right at your fingertips 24 hours a day, 7 days a week.**

In addition to community projects, updates, **documents, and forms**, Association members will also be able to view their **personal account information** (e.g., assessment history and violation information). Being able to view this information online provides you with a more efficient and effective way to inquire about your account, request an address change or obtain forms and applications (such as an architectural modification application). You may always contact Armstrong Management if you have questions regarding your account or Association matters, a direct link is provided on your community's CONNECT site.
